Engineers in Alabama develop the BUI ("Bubba" User Interface).

Other Stuff

WMNF 88.5 fm community radio
WMNF is community radio for the Tampa Bay area. They present eclectic music, arts and drama and independent news and public affairs. Community radio is responsible to the listeners, not some large corporation. If you like what you hear, please support the independent voice of community radio.

1		one laptop
		per child

One learning child. One connected child. One laptop at a time.

The mission of One Laptop Per Child (OLPC) is to empower the children of developing countries to learn by providing one connected laptop to every school-age child. In order to accomplish our goal, we need people who believe in what we're doing and want to help make education for the world's children a priority, not a privilege.
